

To whom it may concern,

I am writing this letter of recommendation for the legal services of Mark Anchor Albert.

I was referred to Mr. Albert by another highly-recommended attorney who felt he did not have the resources to take my case. I had a complex claim involving business law that Mr. Albert helped me with tremendously. While many other attorneys had offered to take it on an hourly fee, Mr. Albert assiduously researched the law (in addition to the considerable knowledge he already had in this specialized area) and likely saved me years of expense and disappointment by finding that my claim, while a legitimate one, would be unlikely to succeed. He devoted a lot of time and passion to exhaust every possibility and gave me his solid opinion which, even though it may not have been what I wanted to hear, I understood and completely trusted. Considering the amount he saved me through his impeccable ethics, his fees were very fair as well.

Mr. Albert is one of the most brilliant attorneys you will find anywhere, but also very personable and compassionate. I would not hesitate to recommend him to anyone needing the best of the best.

Sincerely,

Marc Mani, M.D., F.A.C.S.
